

Welcome to
Gmail Productivity with
 Gemini

Gmail Productivity with Google Gemini

Understand the scenario

You are a new employee for Worx1, an organization that needs to train and deploy an AI model.

In this Lab, you will use Gemini's Help me write feature to generate a professional email from scratch, and then you will use Gemini to understand long email conversations and summarize them. Next, you will use Gemini's smart replies to respond quickly and professionally, and then you will ask Gemini questions about email content directly from your inbox. Next, you will use Gemini to identify important emails and create follow-up actions, and then you will use Gemini to translate emails into another language. Finally, you will use Gemini to turn general templates into personalized, context-aware emails.

Getting Started (Before You Begin)

Before beginning this lab, make sure:

- You are signed into your Google Workspace (work or school) Gmail account.
- Your administrator has enabled Gemini (formerly Duet AI).
- You are using the Google Chrome browser for best compatibility.

Exercise 1: Draft Professional Emails with "Help me write"

- Enter your Gmail Username and Password into the following textboxes:

Gmail Username

Gmail Password

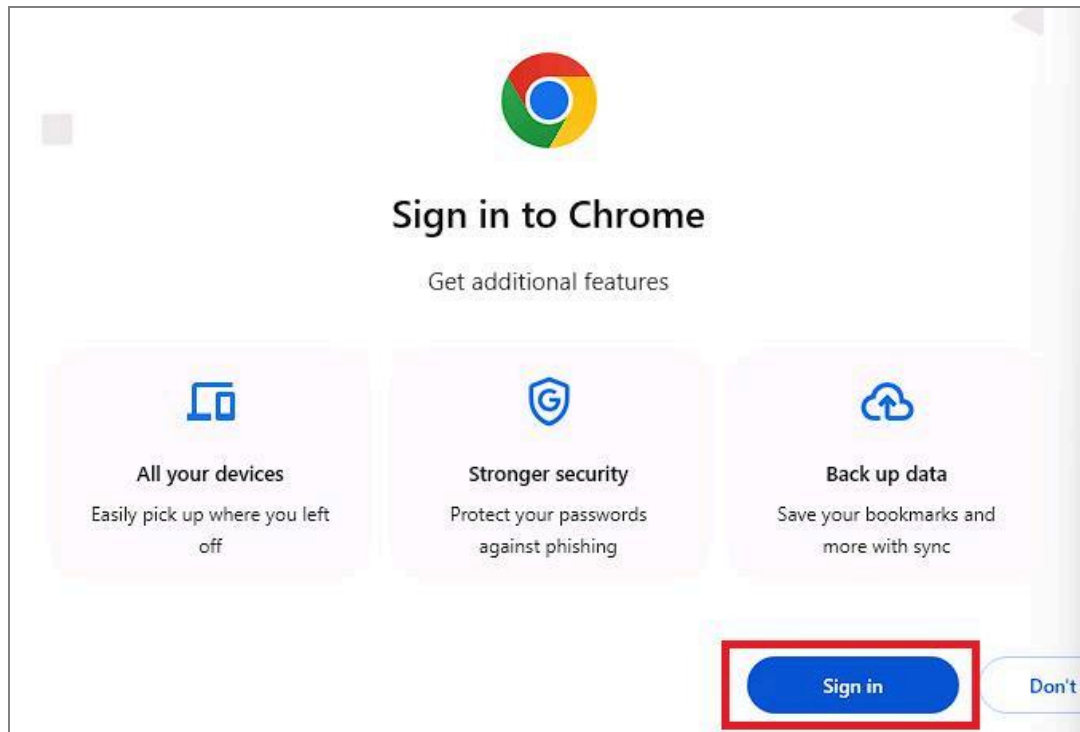

- Sign into Chrome as T <Name> by using T <PW> as the password.

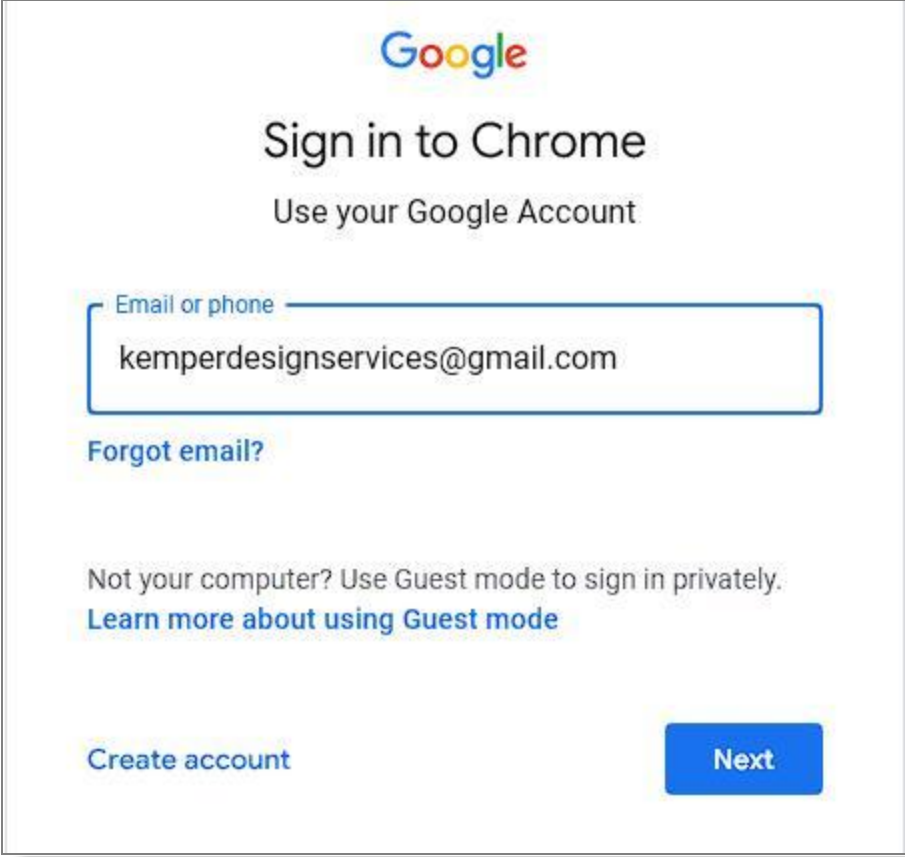

Expand this hint for guidance on signing into Google Chrome.

- On the *Sign in to Chrome* page, select **Sign in**.

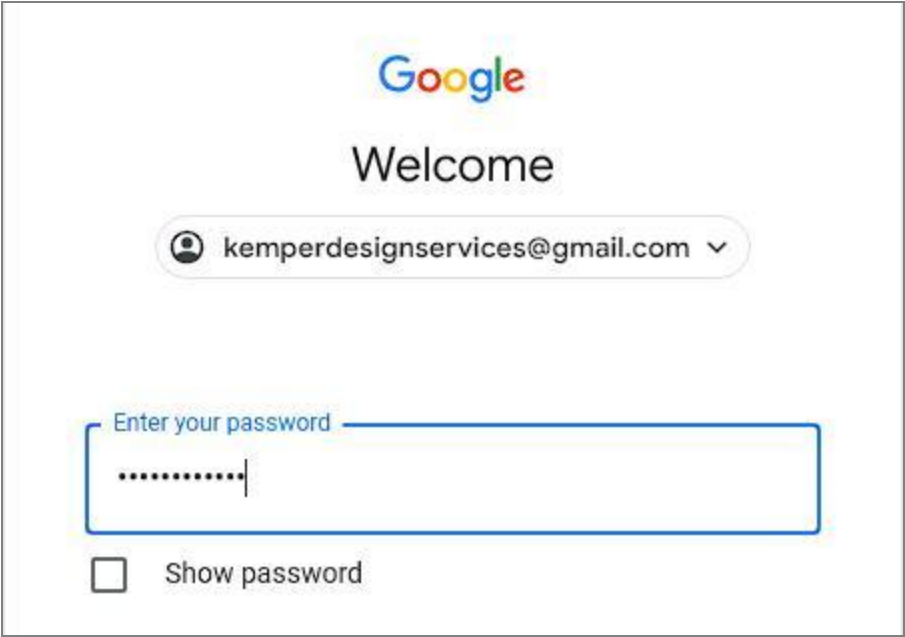

- On the *Sign in to Chrome | Use your Google Account* page, in email or phone, enter T <Name>, and then select **Next**

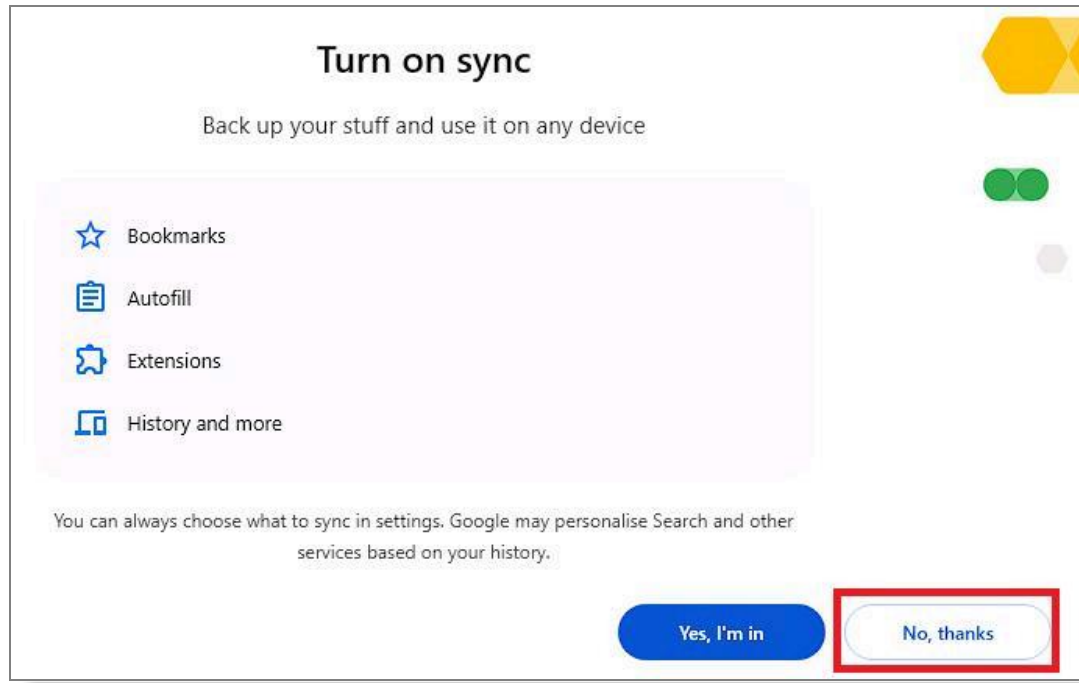

The image shows the 'Sign in to Chrome' screen. At the top is the Google logo. Below it, the text 'Sign in to Chrome' is centered, followed by 'Use your Google Account'. There is a text input field with the placeholder 'Email or phone' and the email address 'kemperdesignservices@gmail.com' entered. Below the input field is a link 'Forgot email?'. Further down, it says 'Not your computer? Use Guest mode to sign in privately.' with a link 'Learn more about using Guest mode'. At the bottom left is a link 'Create account', and at the bottom right is a blue button labeled 'Next'.

On the *Google | Welcome* page, in Enter your password, enter T <PW>, and then select **Next**.

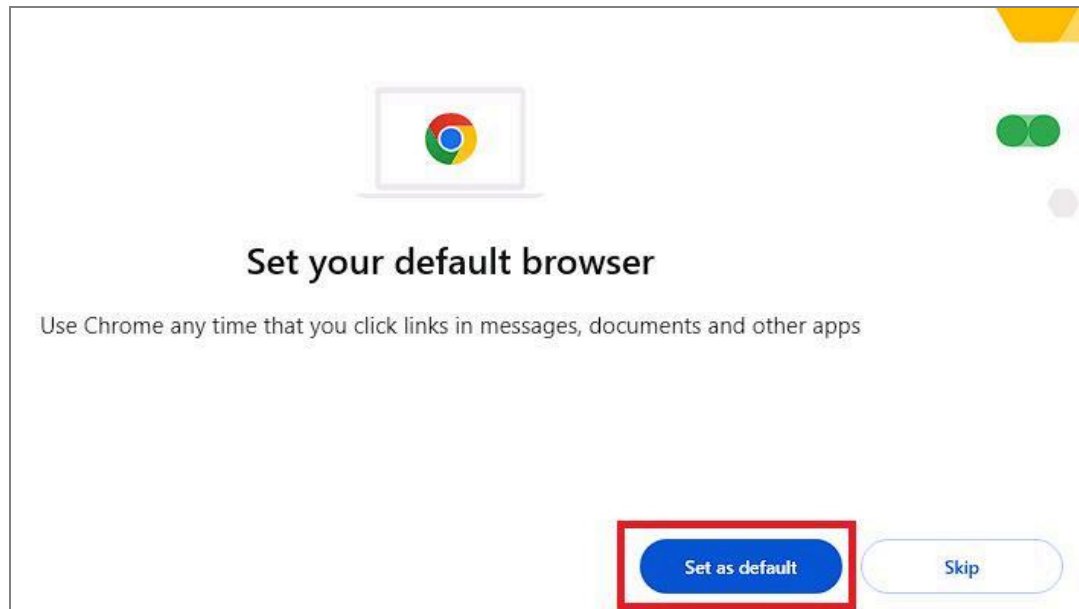

The image shows the 'Welcome' screen. At the top is the Google logo. Below it, the text 'Welcome' is centered. There is a user profile section showing a person icon, the email address 'kemperdesignservices@gmail.com', and a dropdown arrow. Below this is a text input field with the placeholder 'Enter your password' and a password of dots entered. At the bottom left is a checkbox labeled 'Show password'.

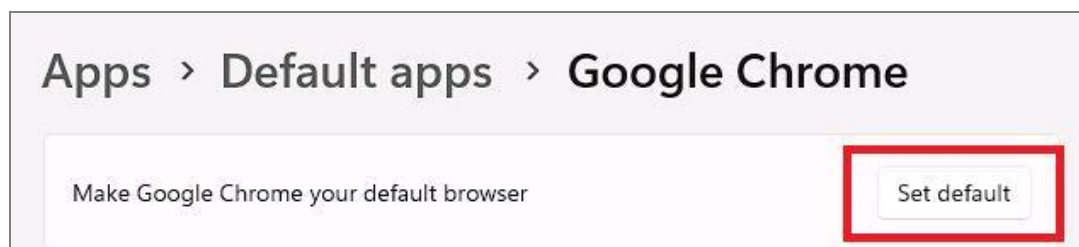

- On the *Turn on Sync* page, select **No, thanks**.

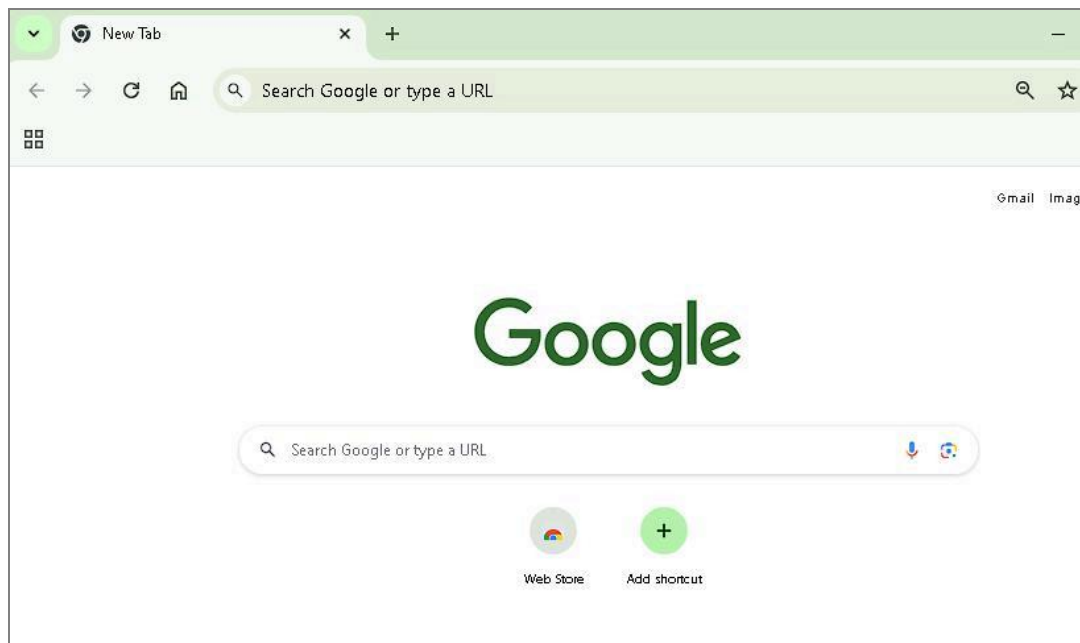

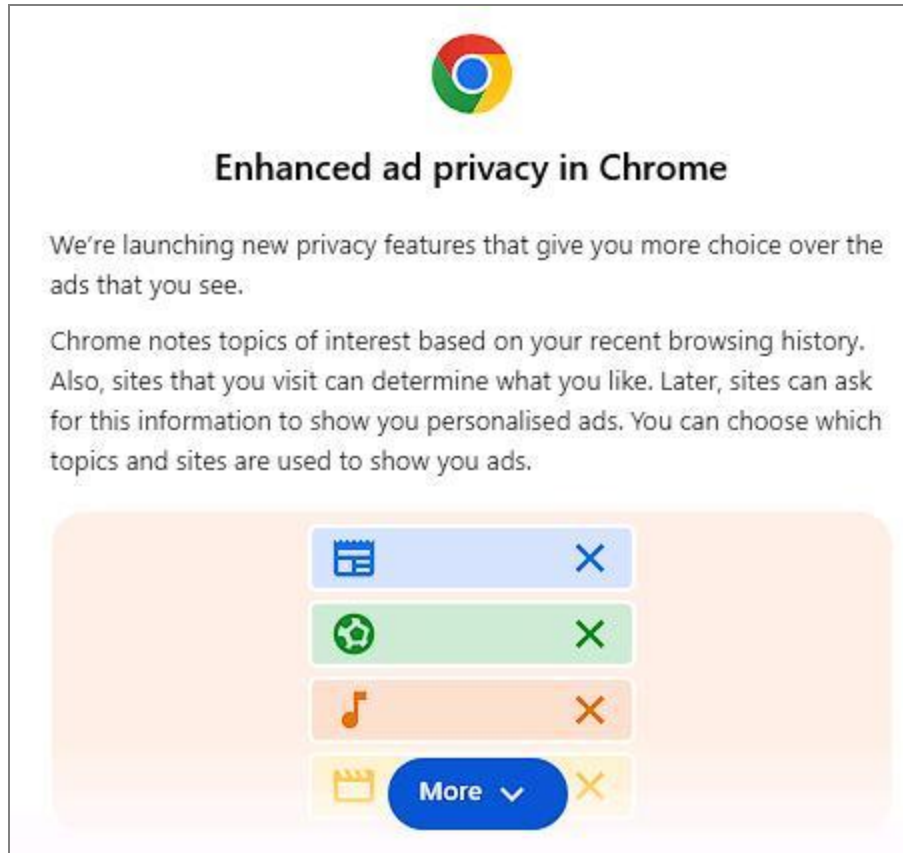

- On the *Set your default browser* page, select **Set as default**.

- On the *Settings | Apps > Default apps > Google Chrome* page, in *Make Google Chrome your default browser*, select **Set default**.

- On the *Enhanced ad privacy in Chrome* page, select **More**, and then select **Got it**.

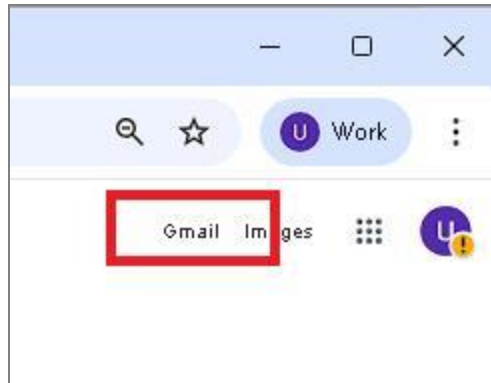

- Open Gmail, and then select **Compose** to start a new email.

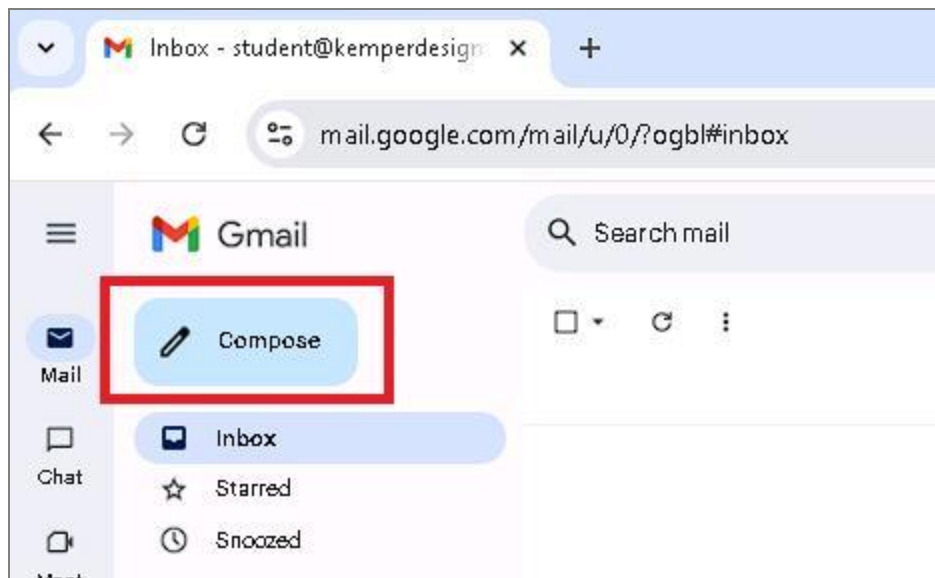

Expand this hint for guidance on composing a new email.

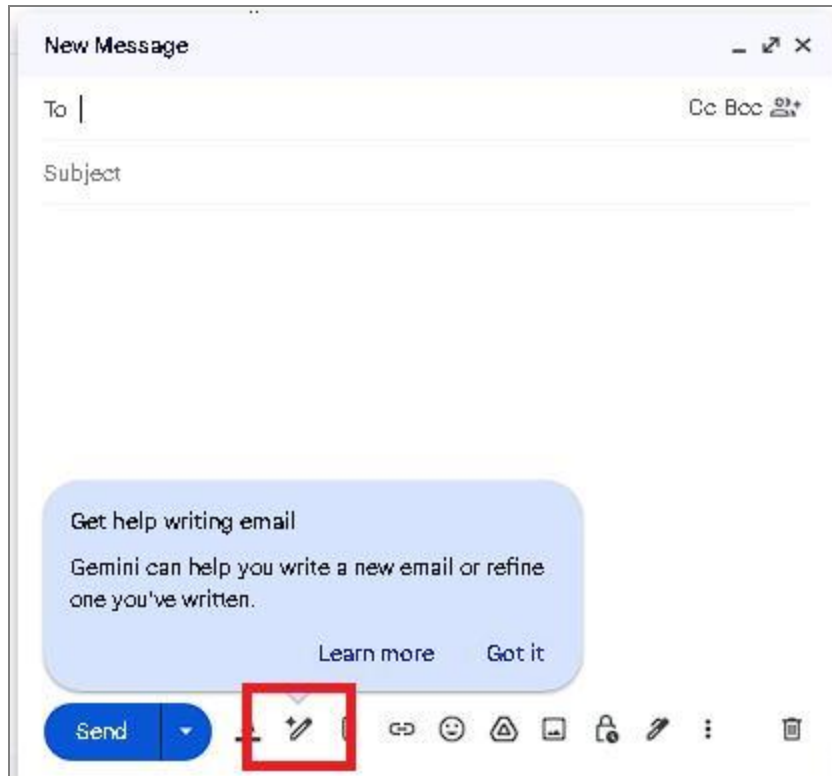

- In Google Chrome, on the Home page, in the upper right-hand corner, select **Gmail**.

- Decline and close popup windows.
- On the Gmail tab, in the upper left-hand corner of the screen, select **Compose**.

- Notice the **Gemini** icon located at the bottom of the new message window.

- Leave the New message window open.

Look for the **Help me write** button (just below the **To** field or above the message area).

- Use **Help me write** to create a professional email to T <Name>, with a subject of T Help me write test, by using the following sample prompt:

Open to view the Sample prompt:

T Write a professional email to a client named Alex informing them that their website project is delayed due to hosting issues. Offer a new delivery date of June 30th and apologize for the inconvenience.

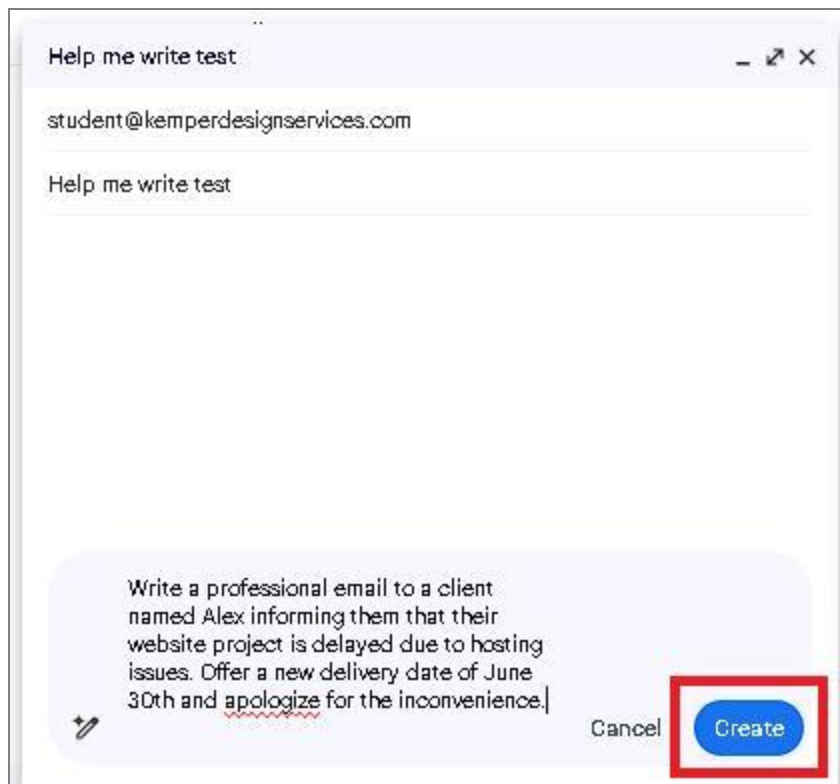

Expand this hint for guidance on using Help me write.

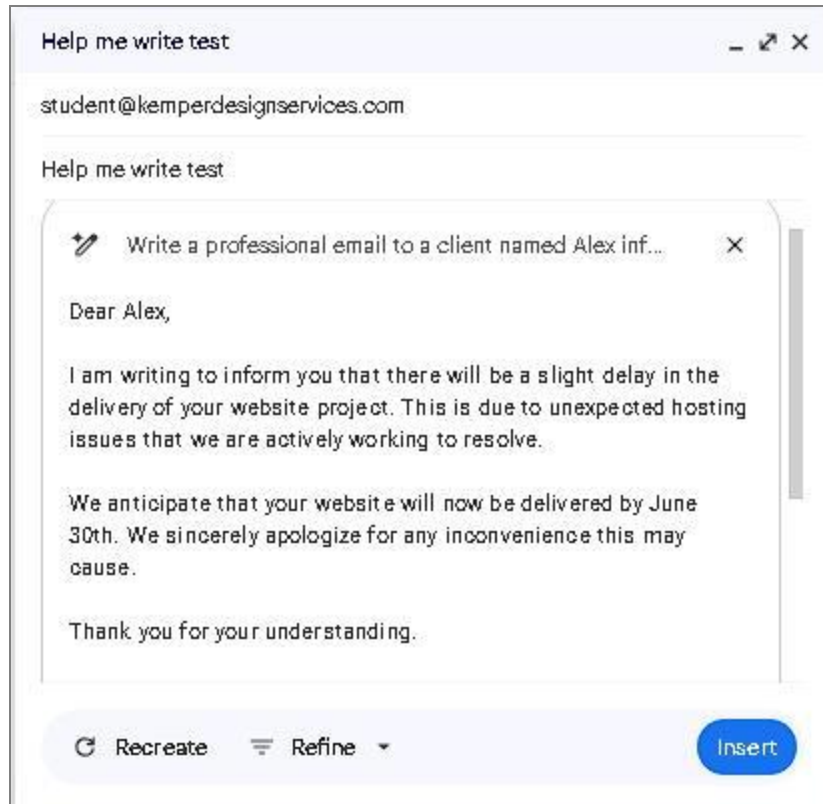

- In the *New Message* window, in Recipients, enter **T** <Name>.
- In Subject, enter **T** Help me write test, and then select the **Help me write** icon.

- In the *Help me write* prompt textbox, enter the sample prompt from above, and then select **Create**.

- Review the suggested response.

- Select **Recreate** to view different variations.

- Once you find a response that you feel is appropriate, select **Insert**.

- Select **Send**.
- Reply to the **Help me write test** email, and then recreate the response using *Refine* to **Shorten** a reply.

Open to view the Sample prompt:

T Write a professional email to a client named Alex informing them that their website project is delayed due to hosting issues. Offer a new delivery date of June 30th and apologize for the inconvenience.

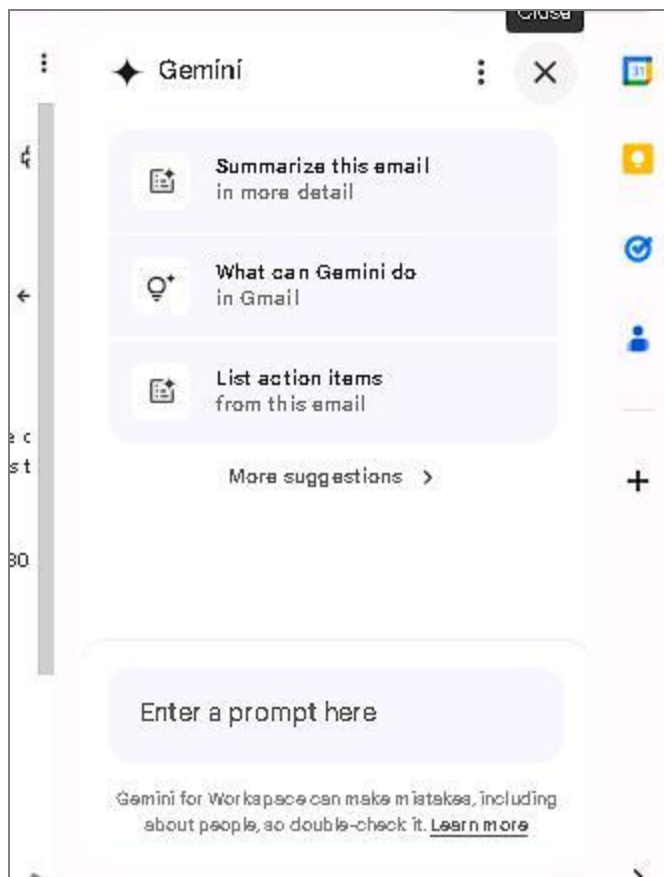

Expand this hint for guidance on refining **Help me write**.

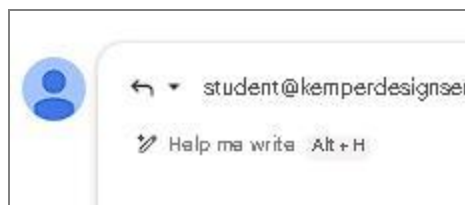

- In the Gmail inbox, select the **Help me write test** email to open it.

- For now, close Gemini, and then select **Reply**.

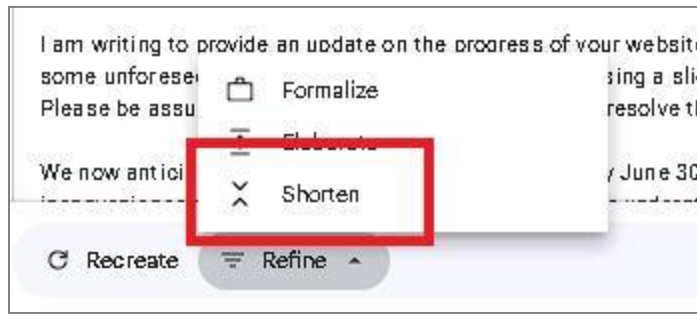

- In the Reply email body, select the **Help me write** icon.

- In the *Help me write* prompt textbox, enter the sample prompt from above, and then select **Create**.

- Review the suggested response.
- Select **Refine**, and then select **Shorten**.

- Select **Recreate**, and then once you find a response that you feel is appropriate, select **Insert**.
 - Select **Send**.
- Reply to the **Help me write test** email, and then recreate the response using *Refine* to **Elaborate**.

Open to view the Sample prompt:

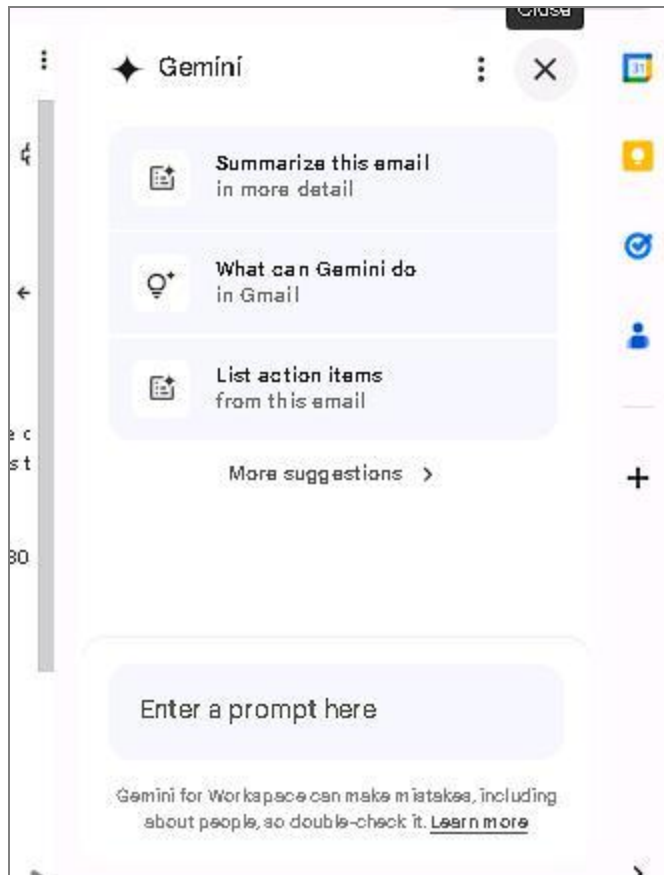

T Write a professional email to a client named Alex informing them that their website project is delayed due to hosting issues. Offer a new delivery date of June 30th and apologize for the inconvenience.

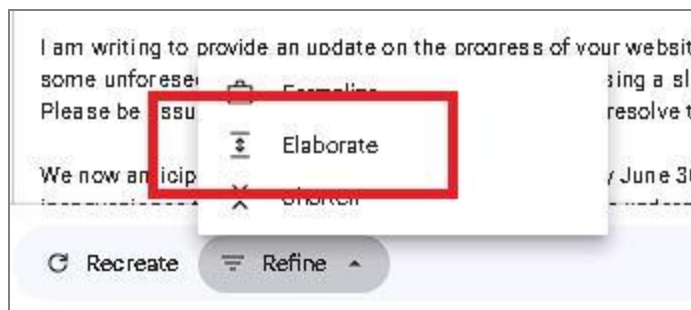

Expand this hint for guidance on using Help me write.

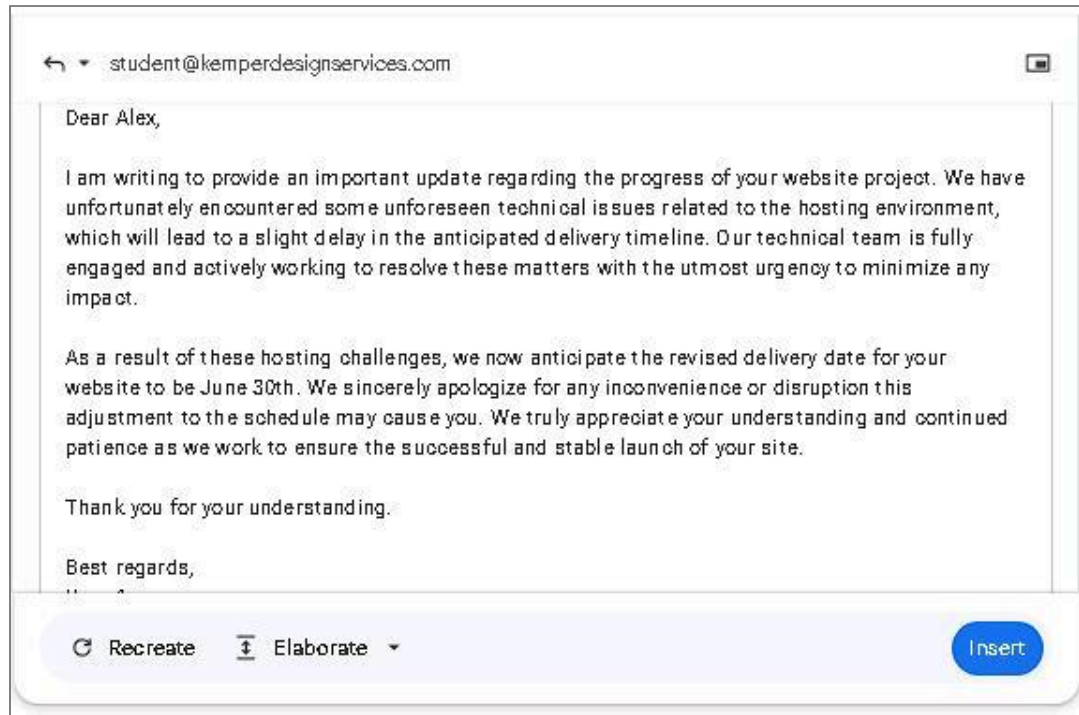

- If necessary, in the Gmail inbox, select the **Help me write test** email to open it, and then scroll to the bottom and select **Reply**.

- In the Reply email body, select the **Help me write** icon.
- In the *Help me write* prompt textbox, enter the sample prompt from above, and then select **Create**.
- Review the suggested response.
- Select **Refine**, and then select **Elaborate**.

- Select **Recreate**, and then once you find a response that you feel is appropriate, select **Insert**.

- Select **Send**.
- Reply to the **Help me write test** email, and then recreate the response using *Refine* to **Formalize**.

Open to view the Sample prompt:

T Write a professional email to a client named Alex informing them that their website project is delayed due to hosting issues. Offer a new delivery date of June 30th and apologize for the inconvenience.

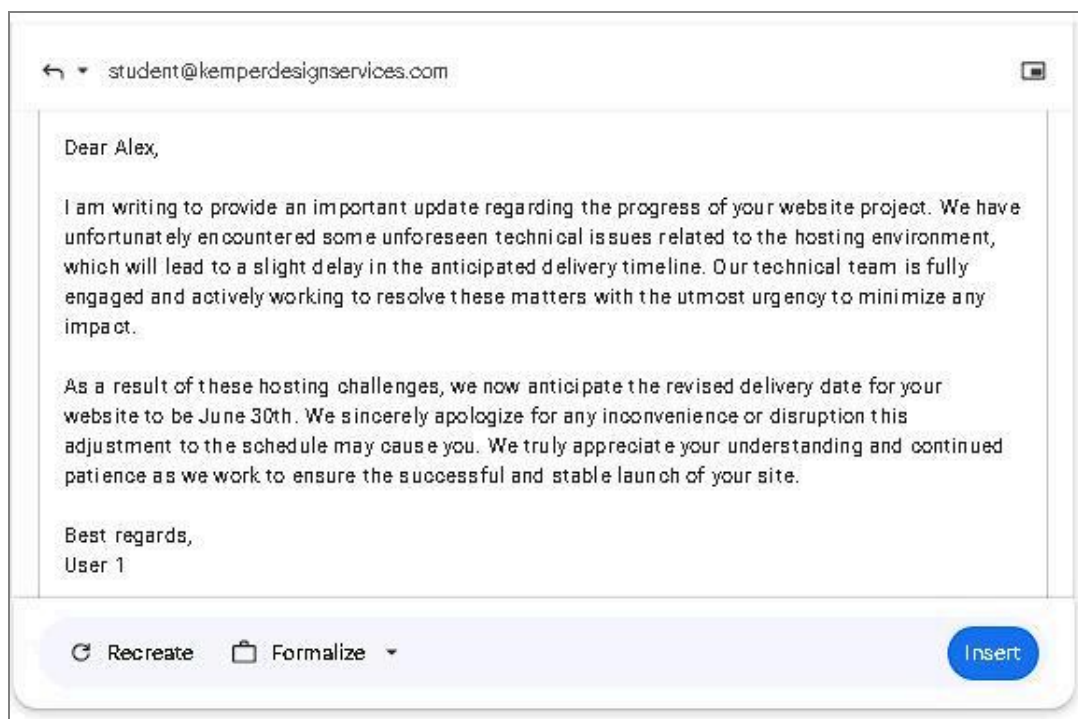

Expand this hint for guidance on using Help me write.

- If necessary, in the Gmail inbox, select the **Help me write test** email to open it, and then scroll to the bottom and select **Reply**.
- In the Reply email body, select the **Help me write** icon.
- In the *Help me write* prompt textbox, enter the sample prompt from above, and then select **Create**.
- Review the suggested response.
- Select **Refine**, and then select **Formalize**.

- Select **Recreate**, and then once you find a response that you feel is appropriate, select **Insert**.

- Select **Send**.

- Reply to the **Help me write test** email, and then recreate the response and manually edit the client's name to T Alexandra.

Open to view the Sample prompt:

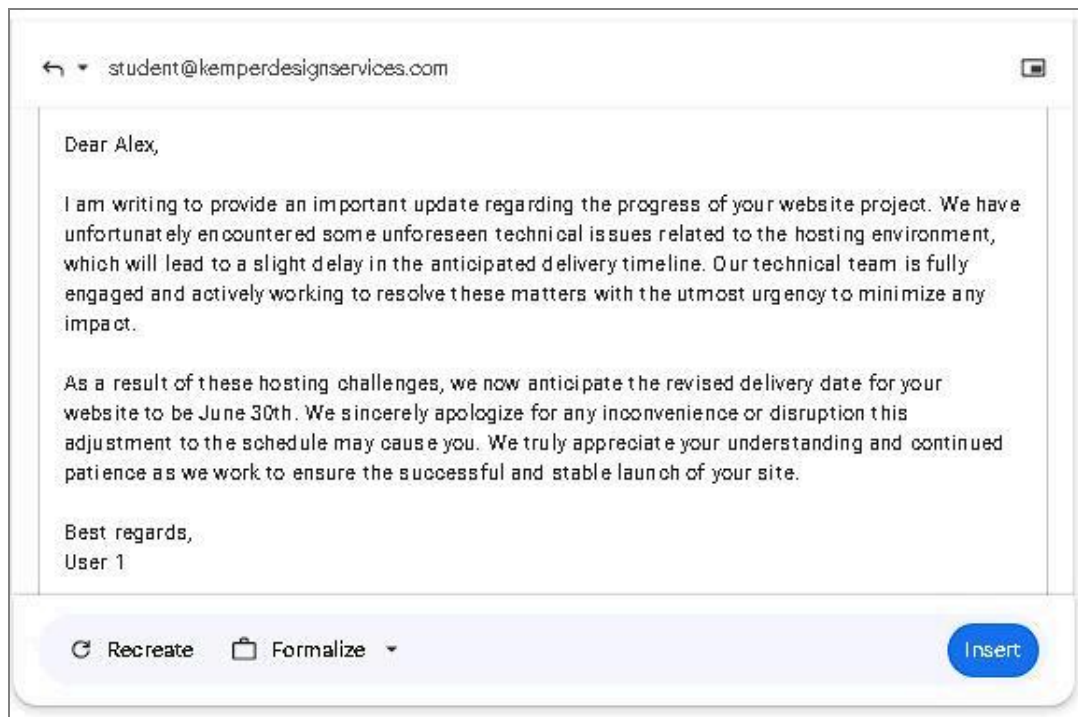

T Write a professional email to a client named Alex informing them that their website project is delayed due to hosting issues. Offer a new delivery date of June 30th and apologize for the inconvenience.

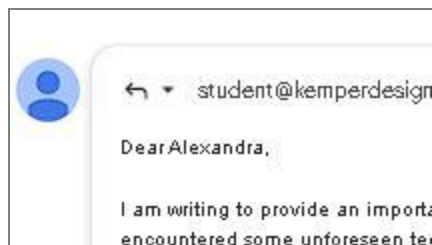

Expand this hint for guidance on using Help me write.

- If necessary, in the Gmail inbox, select the **Help me write test** email to open it, and then scroll to the bottom and select **Reply**.
- In the Reply email body, select the **Help me write** icon.
- In the *Help me write* prompt textbox, enter the sample prompt from above, and then select **Create**.
- Review the suggested response.
- Select **Recreate**, and then once you find a response that you feel is appropriate, select **Insert**.

- Select **Alex**, replace it with **T Alexandra**, and then select **Send**.

Check your work

Exercise 2: Summarize Long Email Threads

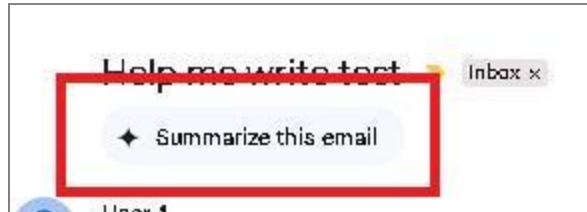

- Open Gmail, and then **Summarize** the **Help me write test** email.

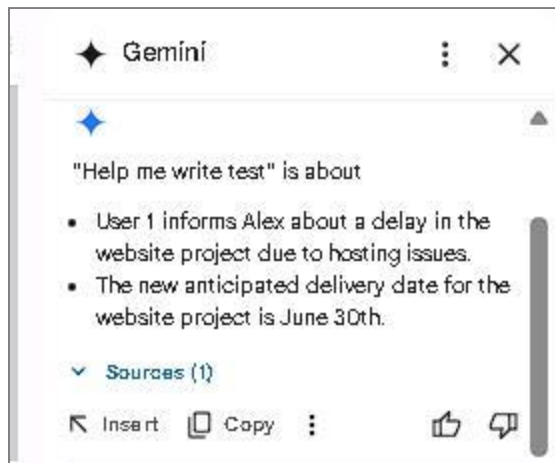

Expand this hint for guidance on Summarizing an email.

- If necessary, in the Gmail inbox, select the **Help me write test** email to open it.
- Locate **Summarize this email**, and then select it.

- Review the summary to quickly understand the context.

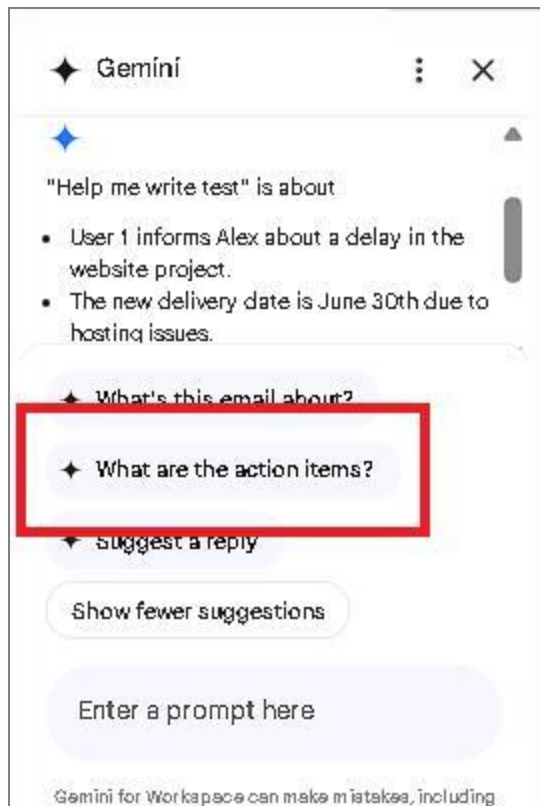

- Use Gemini to **Summarize** the email's **action items**.

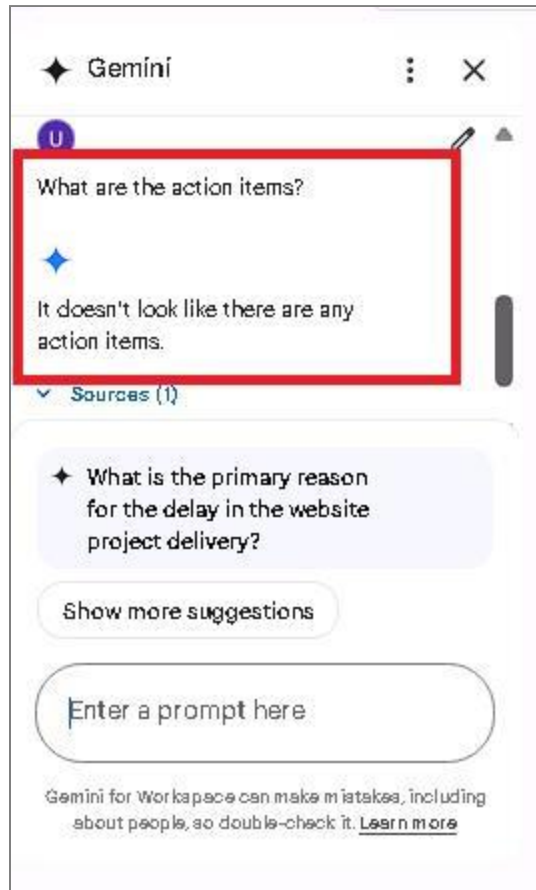

Expand this hint for guidance on using What's this about.

- In the Gemini chat blade, select **Show more suggestions**, and then select **What are the action items?**

- Review the summary to quickly review any action items.

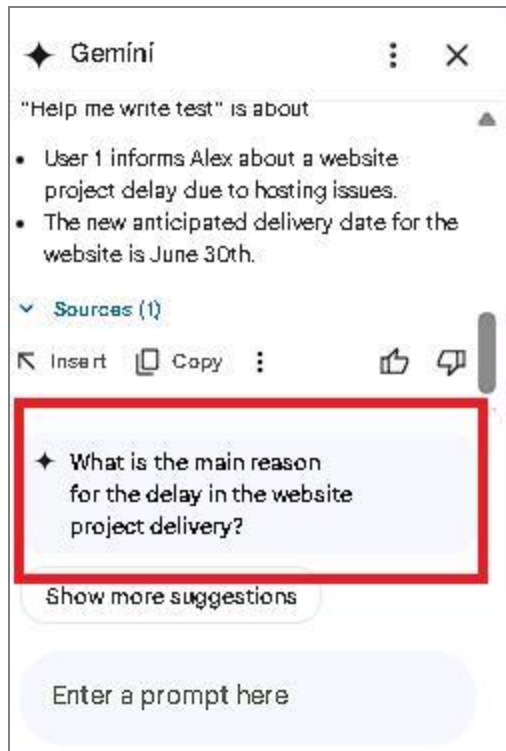

- We haven't defined any action items yet, so Gemini does not list any.
- Have Gemini answer content-related questions, like delays in delivery times.

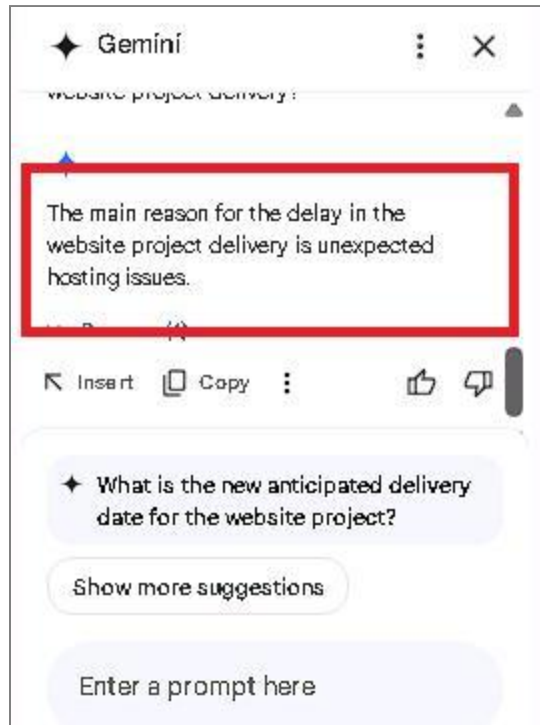

Expand this hint for guidance on using What's this about.

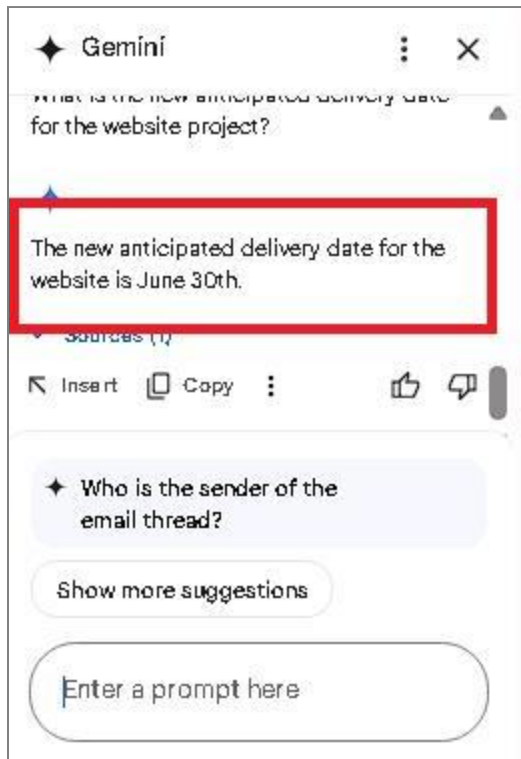

- In the Gemini chat blade, above **Show more suggestions**, select **What is the main reason for the delay in the website project delivery?**

- Review Gemini's answer and verify its accuracy.

- Have Gemini answer content related questions, like anticipated delivery dates.

Check your work

Exercise 3: Suggest Smart Replies Based on Context and Tone

- Begin a thread by composing a new email with a Subject of T Project Alpha Timeline using the following message, and then send the Replies to yourself:

Open to view the Sample prompt:

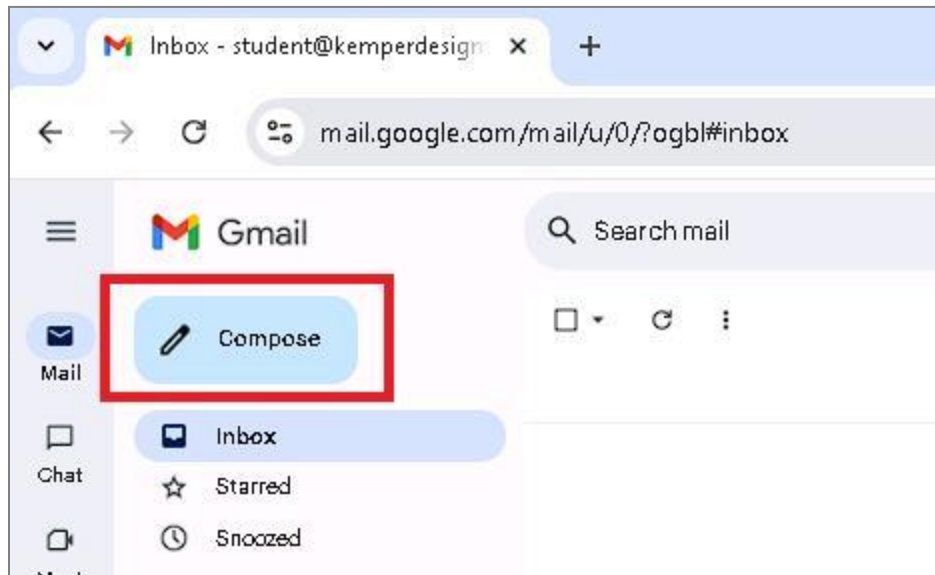

T Hi Jordan, do you have the latest update on the Alpha project schedule?

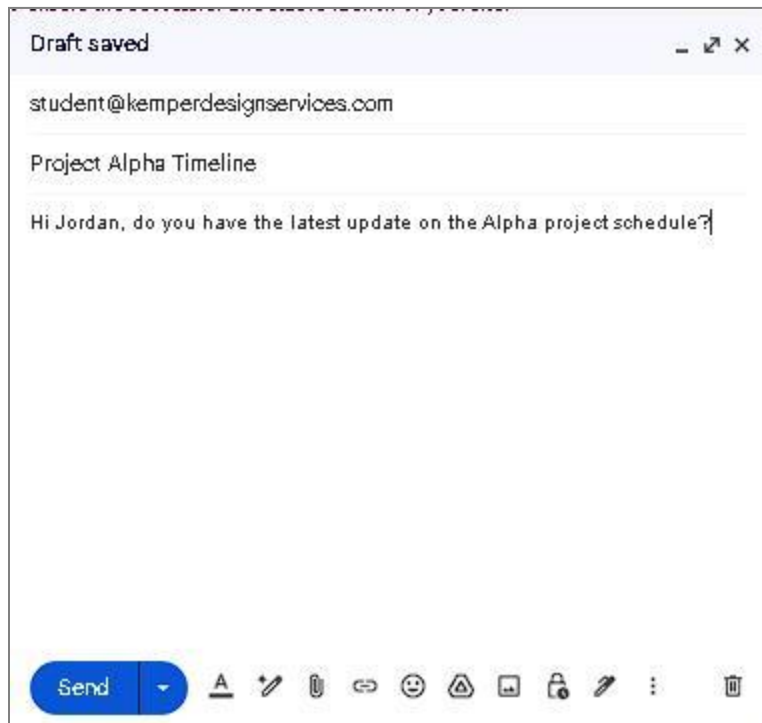

Expand this hint for guidance on composing a new email.

- On the Gmail tab, in the upper left-hand corner of the screen, select **Compose**.

- In the *New Message* window, in Recipients, enter **T** <Name>.
- In Subject, enter **T** Project Alpha Timeline, and then in *Help me write*, enter **T** Hi Jordan, do you have the latest update on the Alpha project schedule?

- Select **Create**, select **Insert**, and then select **Send**.

- Reply to the **Project Alpha Timeline** email using the following message:

Open to view the Sample prompt:

T Yes, we're about 3 days behind due to supplier delay.

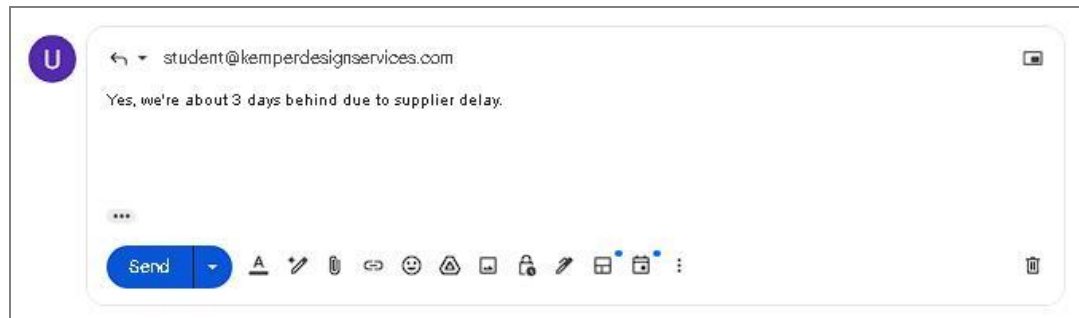

Expand this hint for guidance on replying to an email.

- In Gmail, select **Inbox**, and then select the **Project Alpha Timeline** email.

- Select **Reply**, in the body section of the email, enter **T** Yes, we're about 3 days behind due to supplier delay., and then select **Send**.

- Reply to the **Project Alpha Timeline** email by using the following message:

Open to view the Sample prompt:

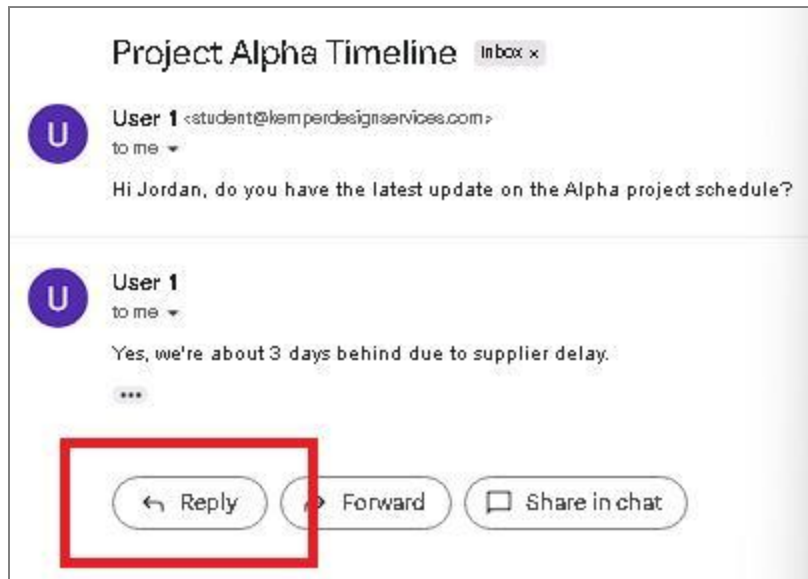

T Can we shift the launch date to July 5?

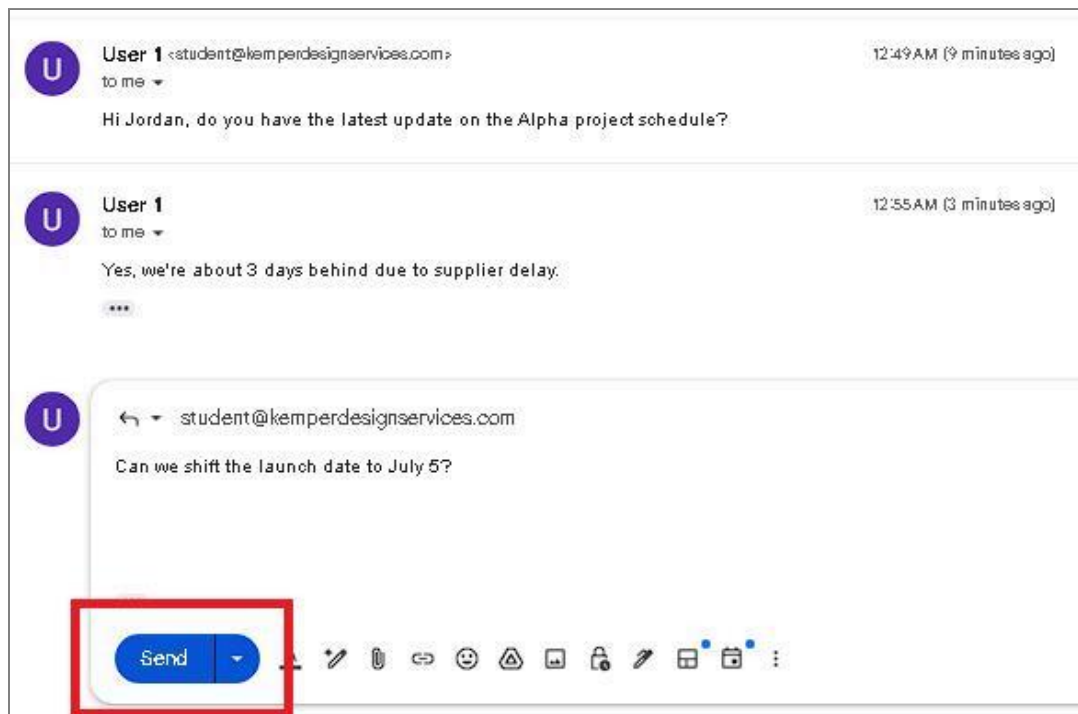

Expand this hint for guidance on replying to an email.

- In the **Project Alpha Timeline** email, select **Reply**.

- In the body section of the email, enter **T** Can we shift the launch date to July 5?, and then select **Send**.

- Reply to the **Project Alpha Timeline** email by using the following message:

T That works. I'll update the timeline.

- Open the **Project Alpha Timeline** email, and then have Gemini **Suggest a reply**.

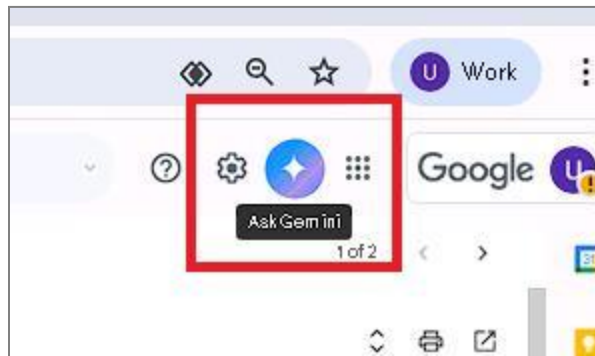

Expand this hint for guidance on using What's this about.

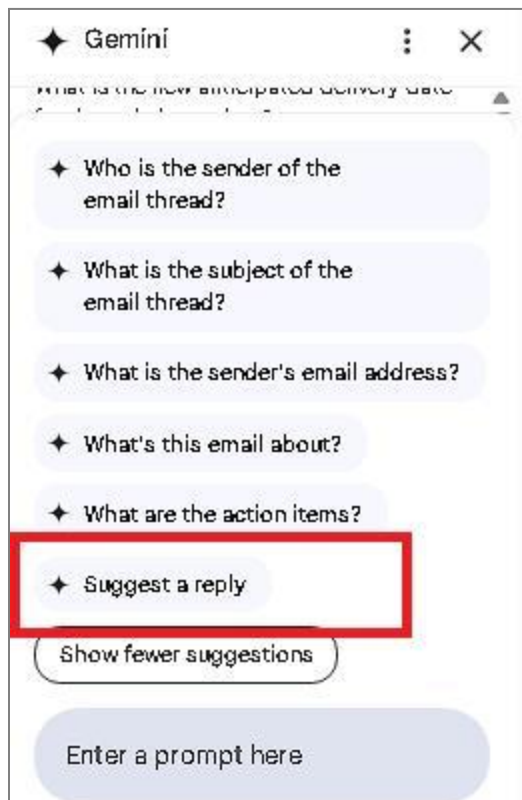

- In Gmail, select Inbox, and then select the **Project Alpha Timeline** email.

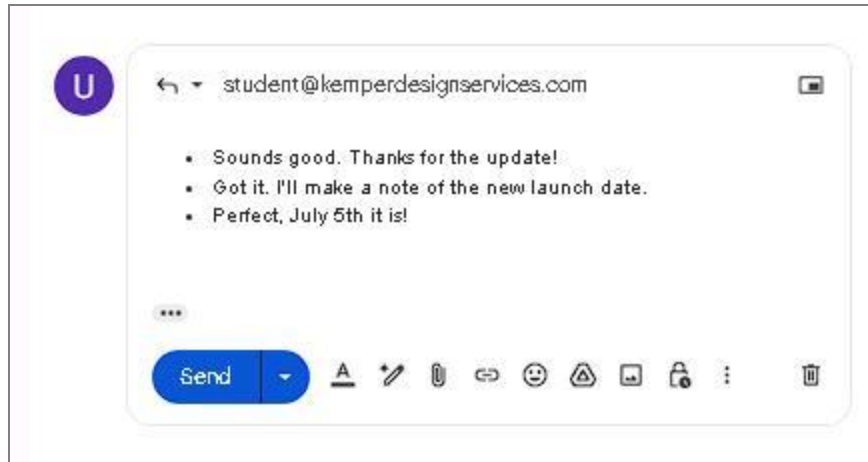

- If Gemini is not showing, select the Gemini icon to re-open it.

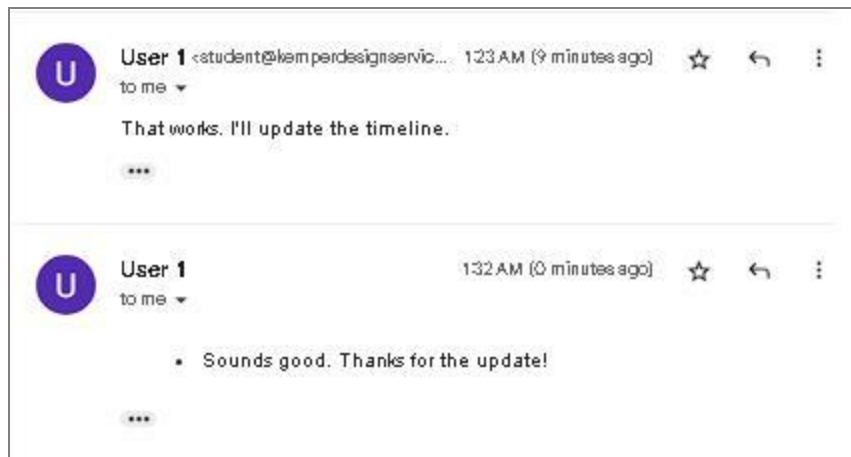

- In the Gemini chat blade, select **Show more suggestions**, and then select **Suggest a reply**

- Review Gemini's answer, and then select **Insert**.

- Remove the unwanted responses if desired, and then select **Send**.

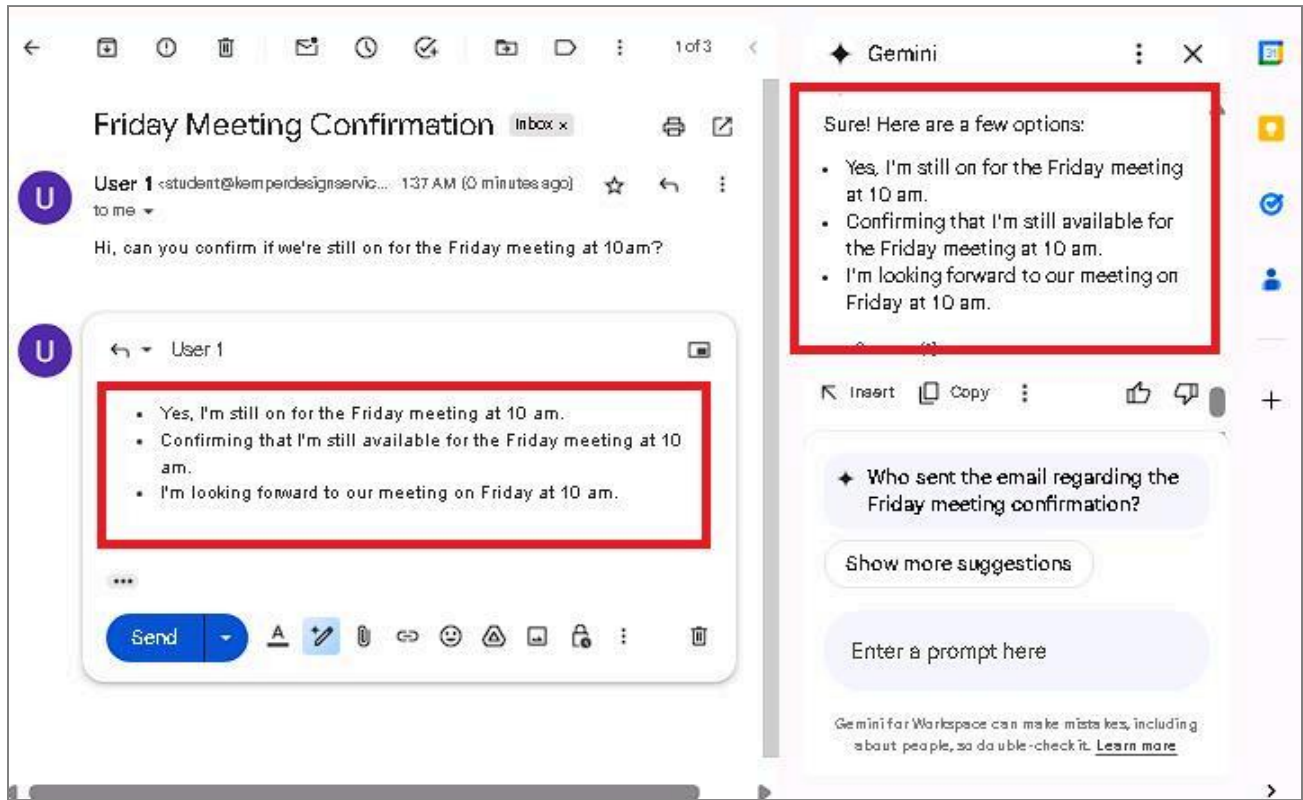

- Compose a new email to T <Name> using a Subject of T Friday Meeting Confirmation using the following message, and then by using one of Gemini's suggested replies, reply to yourself:

Open to view the Sample prompt:

T Hi, can you confirm if we're still on for the Friday meeting at 10am?

Check your work

Exercise 4: Q&A Within the Inbox

- Draft a new email with a Subject of **T Team Tasks** using the following message, and then send the Replies to yourself:

Open to view the Sample prompt:

T The final draft is due on June 28. Mia is handling design. Trevor is handling copyediting.

Expand this hint for guidance on composing a new email.

- On the Gmail tab, in the upper left-hand corner of the screen, select **Compose**.
 - Notice the **Gemini** icon located at the bottom of the new message window.
 - In the *New Message* window, in Recipients, enter **T <Name>**.
 - In Subject, enter **T Team Task**, and then in the body (not in the *Help me write* prompt), enter **T The final draft is due on June 28. Mia is handling design. Trevor is handling copyediting**.
 - Select **Send**.
- Open the **Team Tasks** email, and then ask Gemini **T What's the deadline?**.

Expand this hint for guidance on using What's this about.

- In Gmail, select Inbox, and then select the **Team Tasks** email.
 - If Gemini is not showing, select the Gemini icon to re-open it.
 - Select **More options**, and then select **Clear History**.
 - On the *Clear Gemini History?* dialog, select **Clear**.
 - In the Gemini chat blade, in *Enter prompt here*, enter **T What's the deadline?**, and then select **Enter**.
 - Review Gemini's answer located towards the top of the Gemini blade.
- In the **Team Tasks** email, and then ask Gemini **T Who is assigned to this task?**.

Check your work

Exercise 5: Prioritize Emails and Create Tasks

- Draft a new email with a Subject of **T Follow-up on Proposal** using the following message, and then send the Replies to yourself:

Open to view the Sample prompt:

T Can you review and respond to the proposal by next Wednesday?

Expand this hint for guidance on composing a new email.

- On the Gmail tab, in the upper left-hand corner of the screen, select **Compose**.
 - Notice the **Gemini** icon located at the bottom of the new message window.
 - In the *New Message* window, in Recipients, enter **T <Name>**.
 - In Subject, enter **T Follow-up on Proposal**, and then in the body (not in the *Help me write* prompt), enter **T Can you review and respond to the proposal by next Wednesday?**
 - Select **Send**.
- Open the **Follow-up on Proposal** email, and then use Gemini to turn the email into a task.

Expand this hint for guidance on turning an email into a task.

- In Gmail, select Inbox, and then select the **Follow-up on Proposal** email.
 - If Gemini is not showing, select the Gemini icon to re-open it.
 - Select **More options**, and then select **Clear History**.
 - On the *Clear Gemini History?* dialog, select **Clear**.
 - On the right-hand side of the screen, select **Tasks**.
 - Select Inbox, and then select and drag the **Follow-up on Proposal** email into the **Drop to create new task** section of the **My Tasks** blade.
- Using Gemini, reply to the **Follow-up on Proposal** email, and schedule a **Follow-up proposal** for **Tomorrow**.

Expand this hint for guidance on turning an email into a task.

- On the right-hand side of the screen, in **Tasks**, select **Follow-up proposal**, and then select **Tomorrow**.
- Select Inbox, and then select and drag the **Follow-up on Proposal** email into the **Drop to create new task** section of the **My Tasks** blade.
- Your task has now been added to your Google Tasks.

Check your work

Exercise 6: Translate Email Content

- Draft a new email with a Subject of **T Saludos desde México** using the following message, and then send the Replies to yourself:

Open to view the Sample prompt:

T Hola, quería saber si estarás disponible para la reunión la próxima semana

Expand this hint for guidance on composing a new email.

- On the Gmail tab, in the upper left-hand corner of the screen, select **Compose**.
 - Notice the **Gemini** icon located at the bottom of the new message window.
 - In the *New Message* window, in Recipients, enter **T <Name>**.
 - In Subject, enter **T Saludos desde México**, and then in the body (not in the *Help me write* prompt), enter **T** Hola, quería saber si estarás disponible para la reunión la próxima semana
 - Select **Send**.
- Using Google Gemini, translate the **Saludos desde México** email message to **English**.

Expand this hint for guidance on turning an email into a task.

- In Gmail, select Inbox, and then select the **Saludos desde México** email.
- If Gemini is not showing, select the Gemini icon to re-open it.
- Select **More options**, and then select **Clear History**.
- On the *Clear Gemini History?* dialog, select **Clear**.
- On the right-hand side of the screen, in *Enter a prompt here*, enter Translate to English, and then select **Enter**.
- Review Gemini's translation.

Check your work

Exercise 7: Personalize Email Templates or Customer Responses

- Use Gemini to help you write a new email with a subject of **Compose an email** by using the following prompt, and then send the Replies to yourself:

Open to view the Sample prompt:

T Write a thank-you email to a customer who attended our webinar on remote team collaboration last Friday, offering a 10% discount on our next event.

Expand this hint for guidance on composing a new email.

- On the Gmail tab, in the upper left-hand corner of the screen, select **Compose**.
 - Notice the **Gemini** icon located at the bottom of the new message window.
 - In the *New Message* window, in Recipients, enter **<Name>**.
 - In Subject, enter **Compose an email**, and then in the *Help me write* prompt area, enter **T** Write a thank-you email to a customer who attended our webinar on remote team collaboration last Friday, offering a 10% discount on our next event.
 - Select **Create**, review Gemini's suggestion, and then select **Insert**
 - Do not select **Send** just yet.
- Personalize the **Compose an email** message by replacing [Customer Name] with **Taylor**, and then refine the email to make it more formal.

Check your work

Summary

Congratulations, you have completed the **Gmail Productivity using Google Gemini** Lab.

You have accomplished the following:

- Used Gemini's *Help me write* feature to generate a professional email from scratch.
- Used Gemini to understand long email conversations and summarize them.
- Used Gemini's smart replies to respond quickly and professionally.
- Asked Gemini questions about email content directly from your inbox.
- Used Gemini to identify important emails and create follow-up actions.
- Used Gemini to translate emails into another language.
- Used Gemini to turn general templates into personalized, context-aware emails.
